

Acer ezDock II+ Instant manageability – Long-term flexibility

The fully-integrated Acer ezDock II+ solution lets your corporation instantly transform its Acer TravelMate notebook assets to complete desktop functionality for cost savings and added workforce flexibility. Simplify your IT infrastructure setup and lower equipment expenses, ensure support for devices and connections throughout the fleet, and allow your workers to stay dynamic and mobile while maintaining top efficiency. Acer ezDock II+ is the ideal way to achieve all of your IT management goals, both today and in the future.

Big ROI and small TCO

- Maximizes return-on-investment: Acer ezDock II+'s smart one-size-fits-all design permits it to support all TravelMate sizes and models.
- Protects high-tech investments: Features the latest high-speed interfaces while at the same time maintaining support for legacy ports and devices.
- Gives maximum functionality: Simultaneous use of six USB 2.0 and two IEEE 1394 ports on the TravelMate and the Acer ezDock II+ offer an incredible number of connection options.
- Adds high-end features: Integrated Universal ExpressCard™ and Acer MediaBay slots on Acer ezDock II+ deliver future-proof upgradeability.

Versatile setup, ergonomic usability

- Saves time and increases efficiency: Acer ezDock II+ features an innovative plug-n-play solution that allows the instant connection of multiple devices in one simple operation.
- Offers plug-n-play productivity: Devices can be added and removed from Acer ezDock II+ without having to reboot the notebook.
- Keeps cables and devices neat and tangle-free: Acer ezDock II+ increases desk real estate and enhances safety by correctly routing and securing cables in place at the workstation.
- Grants maximum support and expansion: Acer ezDock II+ features 24 jacks, ports and slots with a wide range of interface types including networking, audio, video and data for best-of-class versatility.
- Supports Acer MediaBay modules: Expands features and productivity even further:
 - 6-cell battery module for extended battery life.
 - HDD module adds extra storage capacity.
 - Optical drive module simplifies data migration and archiving.

Desktop-level reliability

- Promises durability and dependability: Acer's stringent testing procedures ensure that the Acer ezDock II+ meets the same high-quality reliability standards as expected from TravelMate notebooks.
- Prolongs equipment lifecycles: Acer ezDock II+ greatly reduces the need to frequently plug and unplug devices, minimizing wear and tear on ports and jacks, and lowering the risk of accidental damage.
- Guards against power fluctuations: Integrated surge protection promises added safety and the energy-efficient 135 W AC adapter is compatible with the full range of TravelMate notebooks and accessories.
- Protects high-value assets: Featuring a Kensington lock slot with integrated anti-eject mechanism, Acer ezDock II+ secures both the dock and connected notebook, all with just a single lock.

Acer ezDock II+ supports ExpressCard™/54 and ExpressCard™/34 devices for future-proof versatility

About Acer

Acer ranks as the world's No. 4 branded PC vendor, designing easy, dependable IT solutions that empower people to reach their goals and enhance their life. Since spinning-off its manufacturing operation, Acer has focused on globally marketing its brand-name products: mobile and desktop PCs, servers and storage, LCD monitors and high-definition TVs, peripherals, and e-business solutions for business, government, education, and home users. Acer's unique Channel Business Model has been instrumental in the company's latest success. The model encourages partners and suppliers to collaborate in a winning formula of supply-chain management, allowing Acer to provide customers with fresh technologies, competitive pricing, and quality service. Established in 1976, Acer Inc. employs 5,600 people supporting dealers and distributors in more than 100 countries. Revenues in 2005 reached US\$9.7 billion. Please visit www.acer.com
